

SAFETY DATA SHEET

(In conformity with the regulation (CE) n.º 1907/2006)

1. Product and company identification

Product: Expanded Insulation Corkboard (ICB)
Specific use: Thermal, acoustic and anti-vibration insulation, in buildings and equipments
Company: Amorim Cork Insulation, S.A.
Rua de Meladas, 105
4535 - 186 Mozelos VFR
Telephone: +351 22 741 91 00
Fax: +351 22 741 91 01
e-mail: info.aci@amorim.com
Emergency telephone: +351 22 741 91 00 (Amorim Cork Insulation, S.A.)

2. Danger identification

No applicable. Substance classified as not hazardous to people and the environment. 100% natural product.

3. Composition / information on the components

Chemical composition: 100% cork (suberin, lignin and cellulose). No chemical present.

4. First aid

No applicable. Substance classified as not hazardous to people.

5. Firefighting measures

Means of extinction: Water, chemical powder CO₂.
Explosion risk: No applicable.
Protection equipment: Firefighters should use autonomous breathing devices for fires in closed areas.

6. Measures to be taken in case of accidental leaks

No applicable.

7. Handling and storage

Handling: No special care required.
Storage: Store the product in covered area away from rain.

8. Exposure control / individual protection

Breathing protection: No special equipment required under normal conditions of use.
There are no risks to the health and safety of workers.

SAFETY DATA SHEET

(In conformity with the regulation (CE) n.º 1907/2006)

9. Physical and chemical properties

General Features

Aspect / Physical State: Solid, in the shape of flat boards
Colour: Dark Brown

10. Stability and reactivity

Stability: Stable in the recommended conditions of manipulation and storing
Dangerous reactions: None
Reactivity: None

11. Toxicological information

Under normal conditions of use, the product is not dangerous. There are no dangerous effects concerning the user's health resulting from exposure to the substance.

12. Ecological information

It is not classified as dangerous for the environment.

13. Disposal considerations

Product: Waste should be disposed of according to the legislation in force. Do not throw in the household waste. It can be used as combustible (energy recovery).
Packing: Disposal by recycling, according to the applicable national legislation.

14. Transport information

It is not classified as dangerous for transportation (ADR/RID; IMDG/GGV; ICAO/IATA).

15. Regulatory information

Chemical Safety Assessment: It was not performed a Chemical Safety Assessment.

This substance is not classified as dangerous to health, safety and environment, in conformity to the Regulation (CE) n.º 1272/2008.

16. Other information

The information contained in this document about safety data is based on the technical knowledge of the manufacturer, on the national legislation and on the EC. The responsibility for its use belongs to the users.

The only purpose of the given information is to describe the product from the point of view of protection and safety for people and environment, therefore it cannot be considered as specifications of the product.
